Growing in God's Garden!

Pasta Dinner just three weeks away!

We have been very busy here at STNS planting, painting, and creating for our upcoming pasta dinner. Correlating science, art, math, and reading into our theme of "Growing in God's Garden" has become a team effort! The children planted 30 gardens to serve as our centerpieces, painted flower stools for our auction, and individual artwork that will be displayed on the walls of our event!

To say that our committee has been working hard would be an understatement. Each year I marvel at how much time and talent our families offer to our school community! Whether they attended a meeting, picked up items, worked on things at home, or even painted with our students, the amount of time that goes into three short hours is overwhelming.

This week our countdown flower will be placed in our lobby! There will be extra forms for tickets, donations, and advertisements on the ship! Our deadline for donations, advertisements, and boosters for the program book are due by this Friday, April 13th!

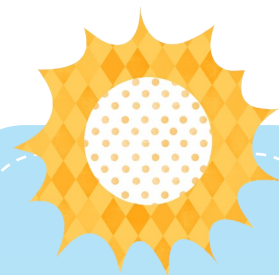

I can't put into words the gratitude I have for the efforts of so many! Every last detail has been thought of and you are an even better night than last year! We have planned kid activities with volunteers from the Quinnipiac Women's Volleyball team! Please be sure to check in at the welcome table where you will receive your table number. The auction will open and raffle tickets will be available beginning at 6:00 p.m.

Thank you again and I look forward to another wonderful evening!

Miss Michele

How can you help?

1. Buy tickets for the event! A must by Monday, April 23rd!
2. Donate a bottle of wine or scratch off ticket!
3. Take out an advertisement in the book! Buy a booster ad!
4. Donate an item to the auction!

Upcoming Dates!

*Spring Break

April 16th—20th

*Pasta Dinner

Friday, April 27th

Church hall!

*Thursday, May 10th

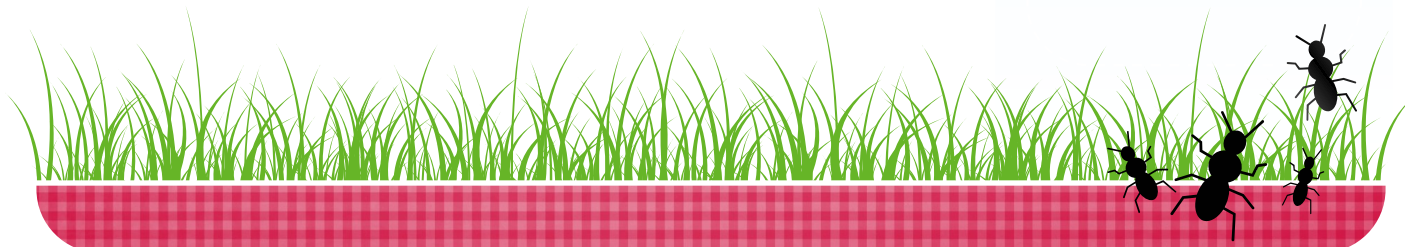

Three Year Old Mother's Day Tea!

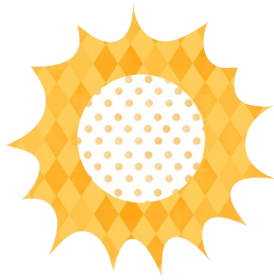

- Friday, May 11th

Four Year Old Mother's Day Tea!

*Spring Conferences

May 14th—18th

MDA Hop A Thon

Our Hop a Thon for MDA has arrived! Each student will be sent home with a packet from the MDA explaining about the disease and how we are participating in a fundraising effort to help find a cure and help those with muscular dystrophy. Donations are completely voluntary. Families can make a flat donation that doesn't require a number of hops. All of the children will participate in the hop! We hold the hop during the school day at our outdoor gross motor time.

Please send in the envelope with donations on the day of your child's hop a thon.

Three Year Old Hop a Thon:

Tuesday, April 24th

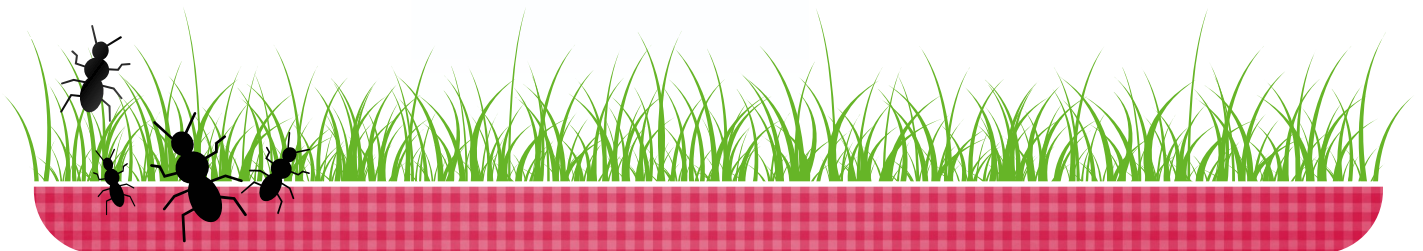

Four Year Old Hop a Thon

Wednesday, April 25th

Thank you for donating!!! We have hopped for the past 17 years!

Class Placement for Next Fall!

We are already in the process of planning for the Fall of 2017! Whether you are a returning student or have a sibling that will be attending, you will receive a class placement notification with our school calendar. This will be a placement of the class type. Teacher placement will arrive to you via mail in August. We are currently filling our last three year old class! If you have any questions about placement, please be sure to send me an email with your request. I try to take every request into consideration as I develop the lists.

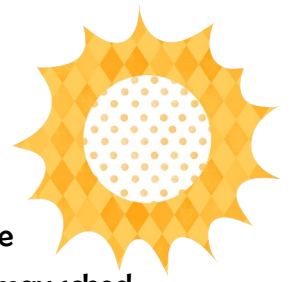

Spring Conferences

As the year draws to a close, we will have a closing assessment with conferences in the beginning of May. These conferences serve as a review of the progress your child has made over the past school year as well as how you can support your child over the summer months. Sign ups for conferences will be posted after spring break outside each classroom. If you are unable to sign up in person, please call the school or email and we will sign up

for your slot. As always, if you are

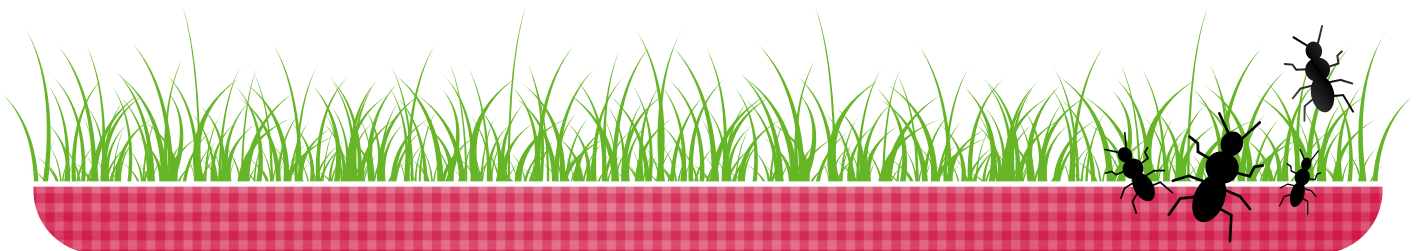

Unable to attend in person, you may schedule a phone conference. Thank you for supporting our home school connection! Please remember that you may conference with your child's teacher at any time.

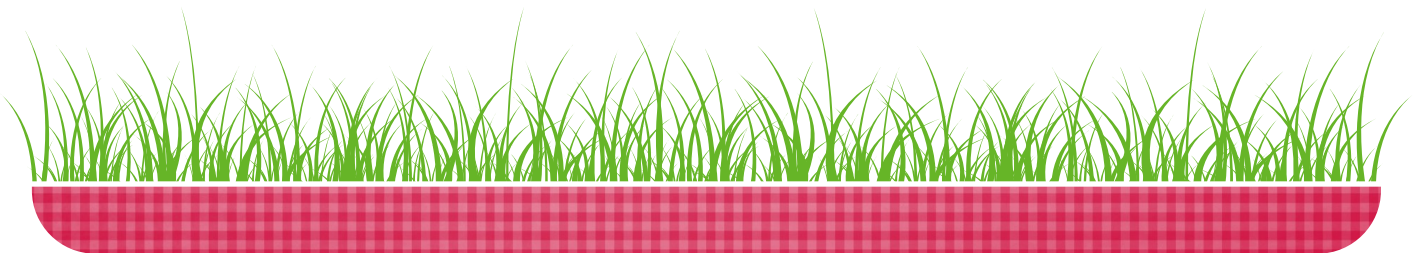

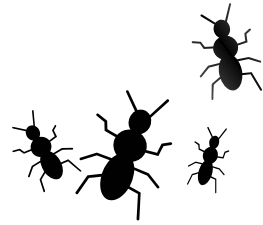

A Big Thank you!!!

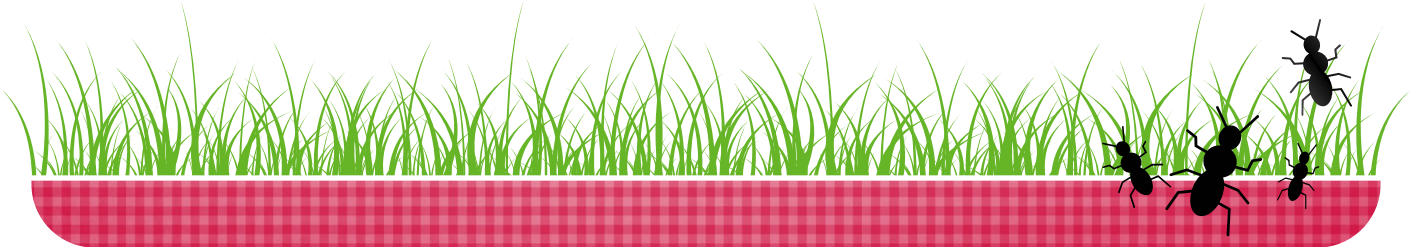

*Thank you to Fiona's grandma for sharing about healthy nutrition with our four year olds this month! We learned about how fruits and vegetables in smoothies help our bodies and minds grow!

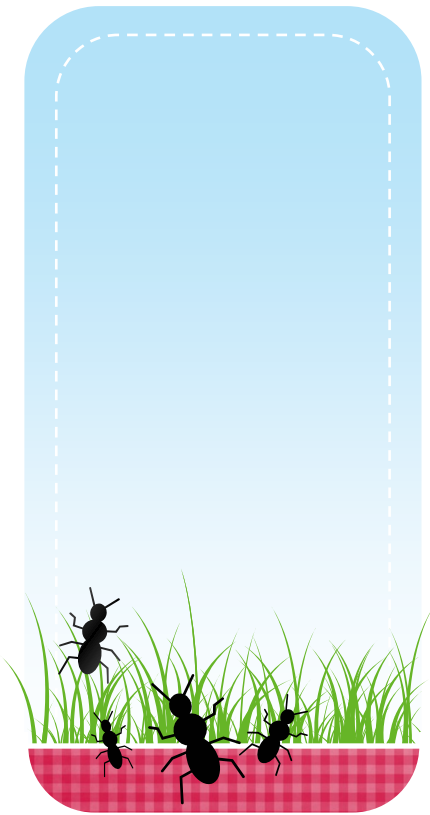

- Thank you to our moms who helped with our planting of 30 centerpieces! Our grass is already growing!
- Thank you to our moms who helped with the painting of our stools! They look beautiful!
- Thank you to our families for supporting our school today, tomorrow, and always!
