

St. Therese Nursery School
Snow Policy 2017/2018

Dear Families,

Snow is already in the forecast! I typically place this information in our newsletters beginning in November! But we live in New England and never know what is in store! As a result, I am sending this information home a little earlier! Please note that when I make a decision for a delay or cancellation, I take into account the town that we are located in as well as advisement from snow plow operators working the storm. Safety of our families and staff is of my utmost concern when I make these decisions. If you have any questions, please see me.

In God's Peace,

Miss Michele
